

# SERIES 7700

TRADITIONAL RETRACTABLE  
AWNINGS FOR DECKS & PATIOS

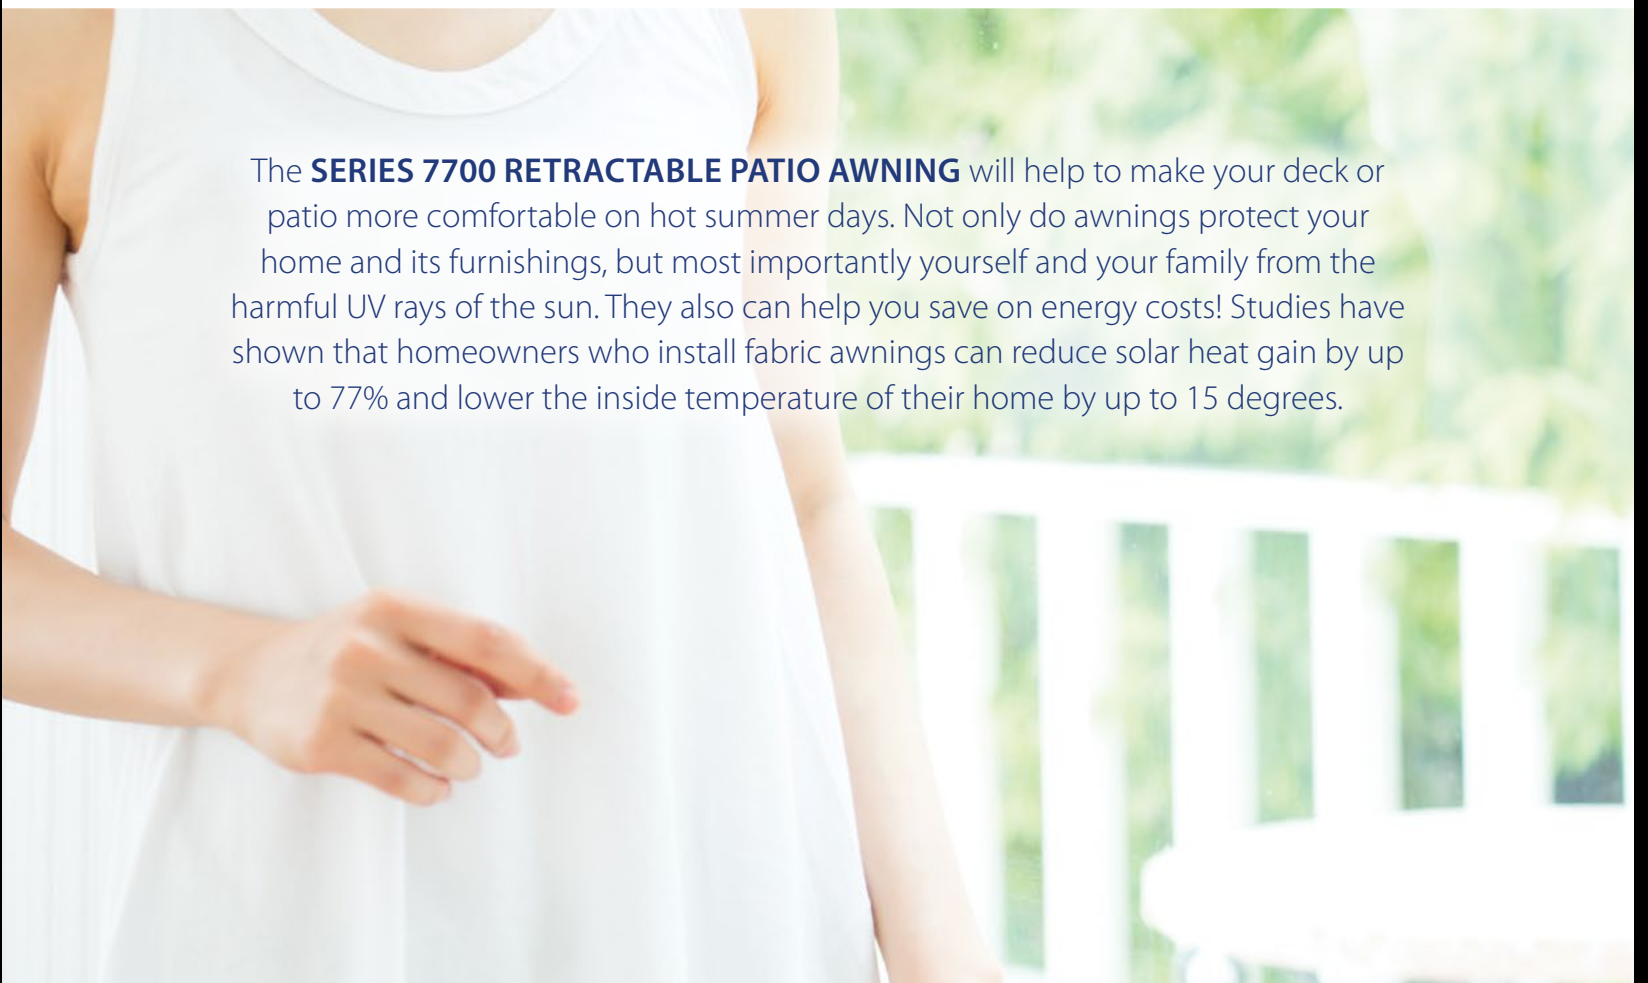

WHERE FASHION MEETS FUNCTION

## It's a smart investment!

The **SERIES 7700 RETRACTABLE PATIO AWNING** will help to make your deck or patio more comfortable on hot summer days. Not only do awnings protect your home and its furnishings, but most importantly yourself and your family from the harmful UV rays of the sun. They also can help you save on energy costs! Studies have shown that homeowners who install fabric awnings can reduce solar heat gain by up to 77% and lower the inside temperature of their home by up to 15 degrees.

You're justifiably proud of your home, a place that is both beautiful and comfortable. After all, you work hard and this oasis is where you spend most of your leisure time. You want it to be as special as possible. Nulmage Retractable Awnings are the ideal complement to your home. Whether you want to make a bold fashion statement with our attractive striped patterns or have your awning quietly blend in with the colors of your home, we have the fabric to match. Nulmage offers more than 200 beautiful fabric patterns for you to choose from so you are sure to find the ideal awning to complement your style.

## Relax & Enjoy

### Series 7700

Choose from a wide selection of motors and controls to make your awning completely automated.

**IMPORTANT NOTE!** Your new awning is intended as a protection against the sun only. It is not to be used during periods of strong wind, rain, hail, or snow.

Our awnings are designed to be self-supporting so you can enjoy your view without looking at unattractive poles or supports. When your awning is open, its attractive look makes a stunning statement. And, when you don't need it, your awning can be easily retracted to blend with your home's exterior. We know that when it comes to your home, looks definitely count.

## Stay Cool

## Warranty:

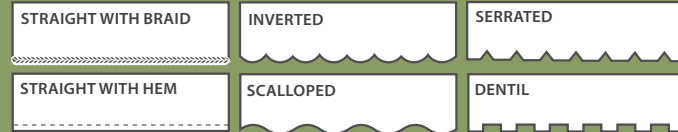

See [www.nuimagepro.com](http://www.nuimagepro.com) for warranty details by model.

## Powder Coated Frame Colors:

*\*Low-gloss finish*

## Valance Styles:

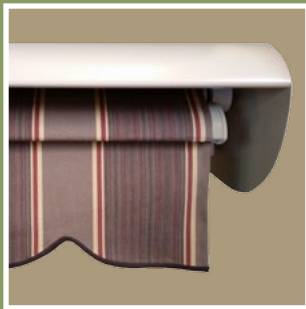

## Welded Seams vs. Stitched Seams

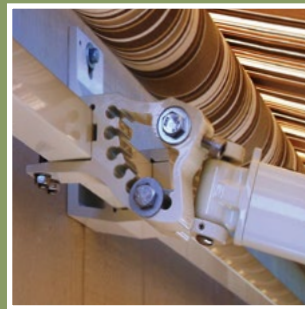

NuImage welded fabric seams look better and outperform stitched seams. They are virtually invisible, lay flatter, roll smoother, never let light through and will last for the life of the fabric.

# Features & Options

The optional WeatherGuard™ hood helps protect fabric from the elements. Suggested on motorized units.

Durable extruded shoulder offers 7 pitch selections for easy angle adjustment.

You may add a drop screen on awnings up to 10'-2" projection.

The awning may be roof mounted when space requirements cannot be met.

## IT'S ALL ABOUT YOU!

Add fashion and function to your backyard with a beautiful NuImage Retractable Patio Awning. With the simple touch of a button, you can extend your awning in seconds. The shade an awning provides can reduce the temperature on your deck or patio by up to 20 degrees. A NuImage Awning will also add equity to your home and will provide years of lasting performance and enjoyment.
